Babysitters we advise:

- You must aim to commit to a family for a minimum of 1 year, most Parents ideally aim for a Babysitter to care for their Children for years.
- Few parents can budget to pay above £15 per hour gross.
- LMM suggest a family have a team of 2/3 Babysitters so when one is not available especially if ask at short notice it is likely one of the other two will be available.
- We are speaking to 20 - 30 years Childcare work experienced people that ask to earn up to to £18 per hour. Although we don't support their rate expectation if we can check many years of references we still represent and forewarn Parents seek over £15 ph hour for them to decide after interviewing if will consider pay above.

Jobs not now Available - once your job has been placed or circumstance change, we take off the available list.
