After School Nanny

Set £20 per hour rate unless you will consider a Childcarer with one Child on a lower rate of £15 per hour Gross.

Unfortunately this is the most difficult Childcare to find as 99% of Childcarers want to work with Children under school age and the income of a 8 - 10 hour day.

- Most Nannies will only do 2 days a week so they can gain from another family 3 days (30 hours) work to achieve a 40 hour week income.
- If a Parent needs a Nanny 3 days or more we advise to employ two Nannies.
- School holidays - some Nannies below prefer to work the same hours or not at all in.
- Others want longer hours in which case a lower £20 per hour gross rate needs to be agreed.

Parents if you want to know more about a Childcarer below please telephone us.

Childcarers - if for FREE today you want to be added to this months list seeking work please telephone us.
